Report of Principal and School Improvement Council

Brunson-Dargan Elementary School is committed to enabling students to achieve the highest possible level of academic success. Our mission is to enhance the overall growth of children in an atmosphere of excellence. Our student population consists of 258 students in grades three through five.

Brunson-Dargan utilizes an integrated, standards-based curriculum that incorporates technology to engage students through internet resources, Promethean Boards, and United Streaming videos. The continuation of the Teacher Advancement Program (TAP) during the 2007-2008 school year provided teachers with weekly professional development in research-based instructional strategies facilitated by master teachers. We continued the use of the Balanced Literacy Model, Everyday Math, and SuccessMaker (computer assisted instruction in Math and Reading). Data from the Palmetto Achievement Challenge Test (PACT), district benchmark tests, the SuccessMaker computer lab. TAP pre and post tests, and Measures of Academic Progress (MAP) assessments were also utilized to plan for and implement instructional programs. Brunson-Dargan also implemented a Science Lab in 2007-2008 and a Science Coach through a partnership with the State Department of Education. In addition, the B& L Homework Center staff partnered with the instructional staff at Brunson-Dargan to provide an after school academic assistance program.

The faculty and staff of Brunson-Dargan Elementary School remain focused on data analysis and providing standards-driven instruction for our most valuable resources, our children. We remain committed to providing a nurturing learning environment "Where Dreams Become Reality."
